Payment on three of the above matured notes, was extended at the request of the holders. It is now necessary to provide funds for four of these notes (\$2000) at the coming town meeting.

I have examined the records of orders drawn by the Selectmen, also the Treasurer's accounts, for the fiscal year one thousand eight hundred and ninety-eight, and find the bills correctly cast and properly vouched. The books of the Selectmen and Treasurer are models of accuracy and neatness and are no less creditable to the town than to the careful and efficient officers who have had them in charge.

Report of Superintendent of Schools.

Under the law of 1897, which went into operation March 1st, 1898, a School Committee were elected, at our last annual meeting. In accordance with the provisions of that law, their respective terms of effice were determined by lot, as follows:

Daniel H. Moody.....one year term. J. Edward Knight.....two years term. Thomas W. Baldwin....three years term.

The Com nittee organized with Daniel H. Moody, Chairman, and Thomas W. Baldwin, Sec. Pro. Tem.

In pursuance to vote of the town, the School Board met with the Committees of adjoining towns, to see what arrangements could be made to engage an expert Superintendent. Failing to make such arrangements, I was asked to serve for another year.

The School Boards of Boothbay, Southport and Boothbay Harbor have had several meetings during the year, and can make satisfactory arrangements for an expert superintendent for the coming year, if the towns vote to unite for such purpose.

The plan of towns uniting to engage a Superintendent of Schools is new to the people of this state, but it has worked

very successfully in other states ard is recenmended by our State Superintendent of Schools and by the School Boards of the towns above mentioned. I hope the towns will vote to-unite, so that we may give it a trial.

In my report of last year, I called attention to the conditions at the West Harbor school. We decided that an assistant was necessary and engaged Miss Ella Farmer for the spring term. We used one dressing room for a recitation room. During the summer vacation, we enlarged this dressing room and fitted it with seats for the smallest pupils and recitation seats enough to accommodate any class in the school. We engaged Ella Farmer and Mabel Mullins for teachers, giving each the school room one half of each day and the recitation room the other half. This plan has worked very successfully, and we are now having an excellent school.

All of our schools have been very satisfactory for the past, year. Nearly all of our teachers attended the summer school at Newcastle. They take educational newspapers and are familiar with all the latest methods of teaching. It would be hard finding a more progressive corps of teachers.

We held a public examination in June, at which eighteenteachers and applicants were present.

Quite a number of our teachers took the State examination in August, one teacher getting a life certificate, and being the only life certificate granted to a teacher in Lincoln county.

Repairs.

During the year the roof of the High School building has been thoroughly repaired, the greater part of the roof shingled and all of the rooms tinted; the recitation room at West Harbor built and both rooms tinted. New black cards have been made and old ones repaired. Repairs and improvements have also been made to the outbuildings.

During next year, in addition to the necessary small repairs, the East primary, West Primary, West Harbor and No. 8 buildings should be painted on the outside.

The School Board have been trying to make arrangements for a Kindergarten school. This is what is needed. Our primary schools are overcrowded and such a school would relieve them somewhat, and give the pupils a good preparation for the primary school work. I hope such a school will be established at once.

The School Board recommend the following appropriations:

Common Schools\$	2000
Free High School	
Repairs	350
Insurance, Apparatus Appliances, etc	350
Free Text Books	400
Salary for Supt. of Schools	250
Rent for Kindergarten schoolroom	75

Report of Night Watchman.

To the Inhabitants of Boothbay Harbor:

I wish to make the following report of the work for the fourth year of my duty as watchman. While attending to all calls for the special care of steamers, vessels and other property at the wharves, I have patrolled the streets and attended to my regular duties to the best of my ability in a faithful manner.

During the year I have found four stores unlocked and reported the fact to the keepers. I have had eleven men in the lockup, most of whom were tramps or suspicious characters which I released in the morning upon the promise that they would leave town, which they did. At midnight, I found two men that were in dangerous positions which I rescued. I have attended to trimming and lighting of the street lamps and to all calls for constable duty in the interest of speace and order.

Respectfully submitted,

HIRAM A. SPOFFORD,

Watchman and Constable.
